Growth of a University

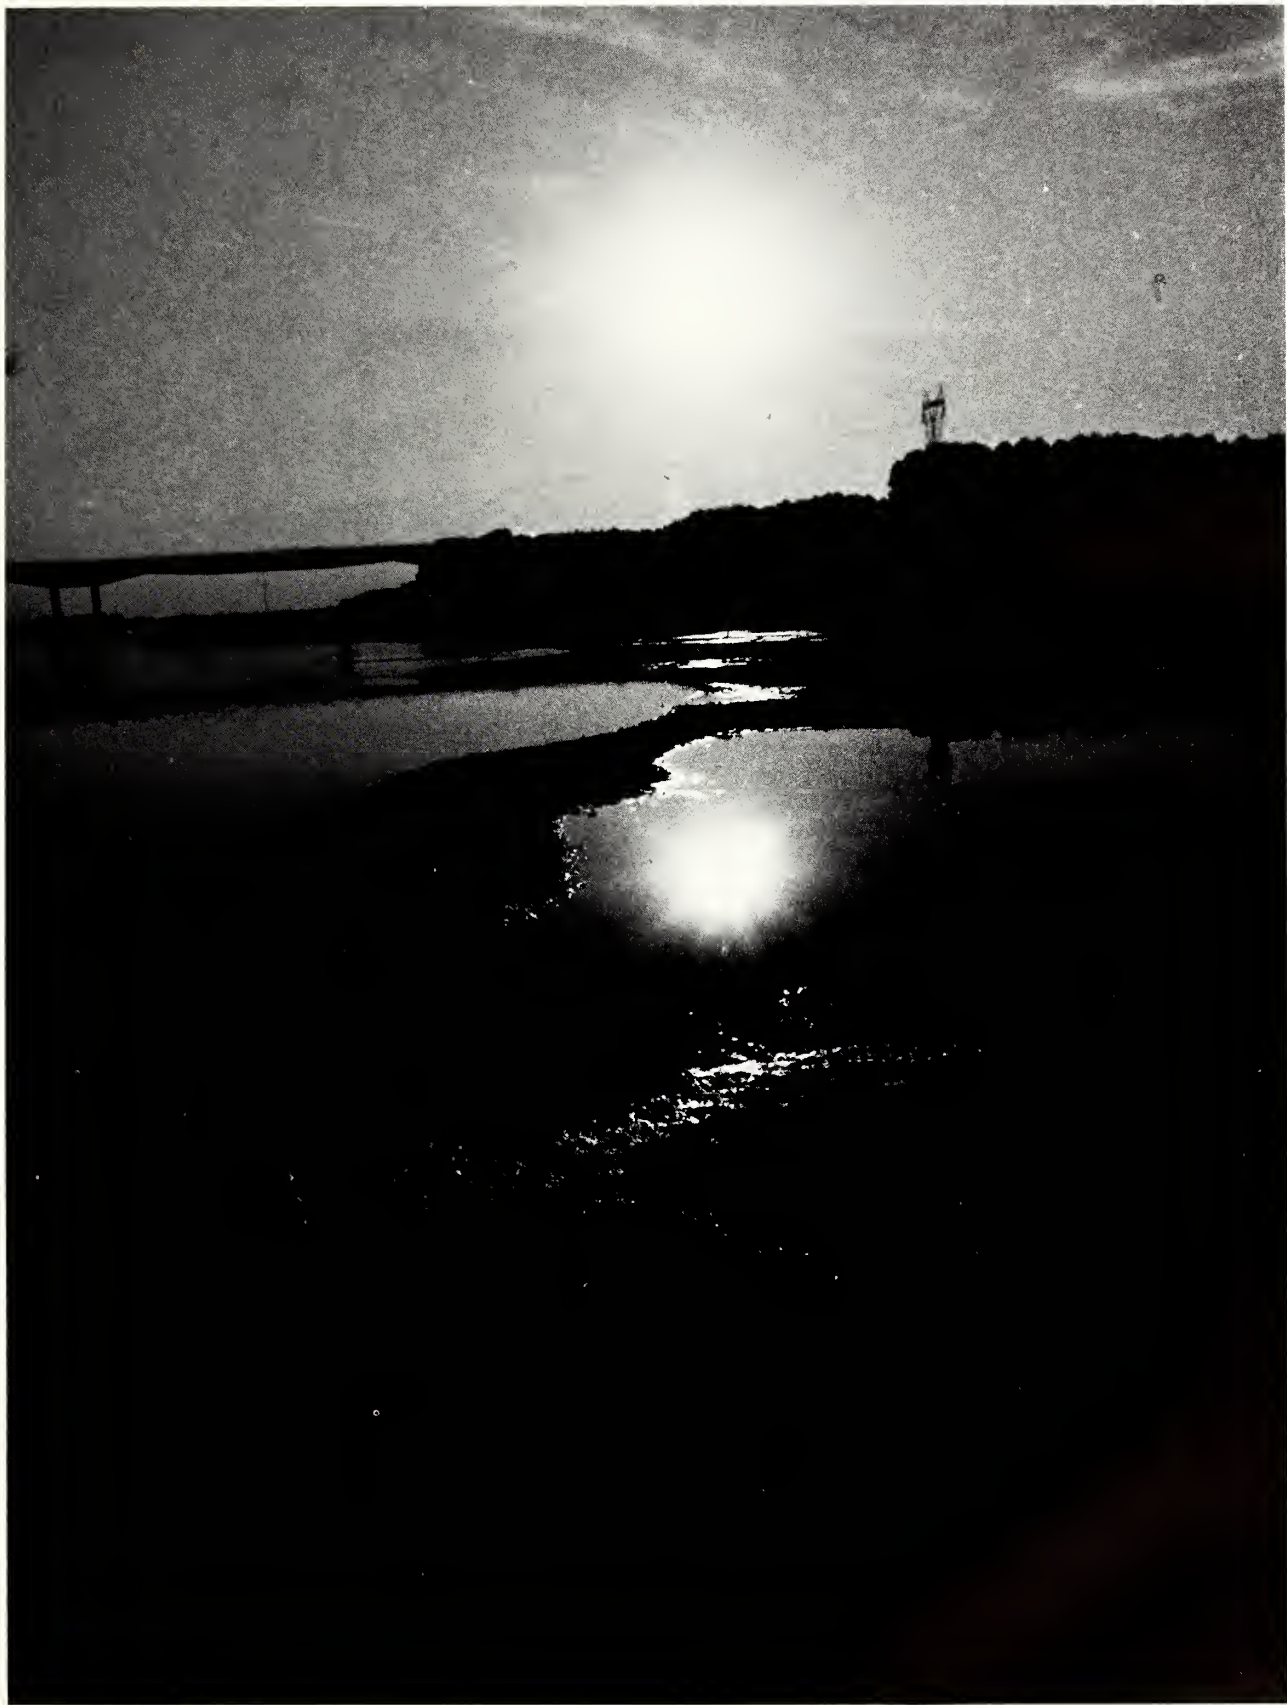

UNI COMMUTER CENTER

To start again, to begin afresh
(Take that first step)
Is always difficult.
And yet we know at the end of every journey
There lies another path . .

. . . leading us away from the familiar
to the strange horizons of the unknown . . .

But as a captain guides his ship
We guide the paths of our lives, choosing freely

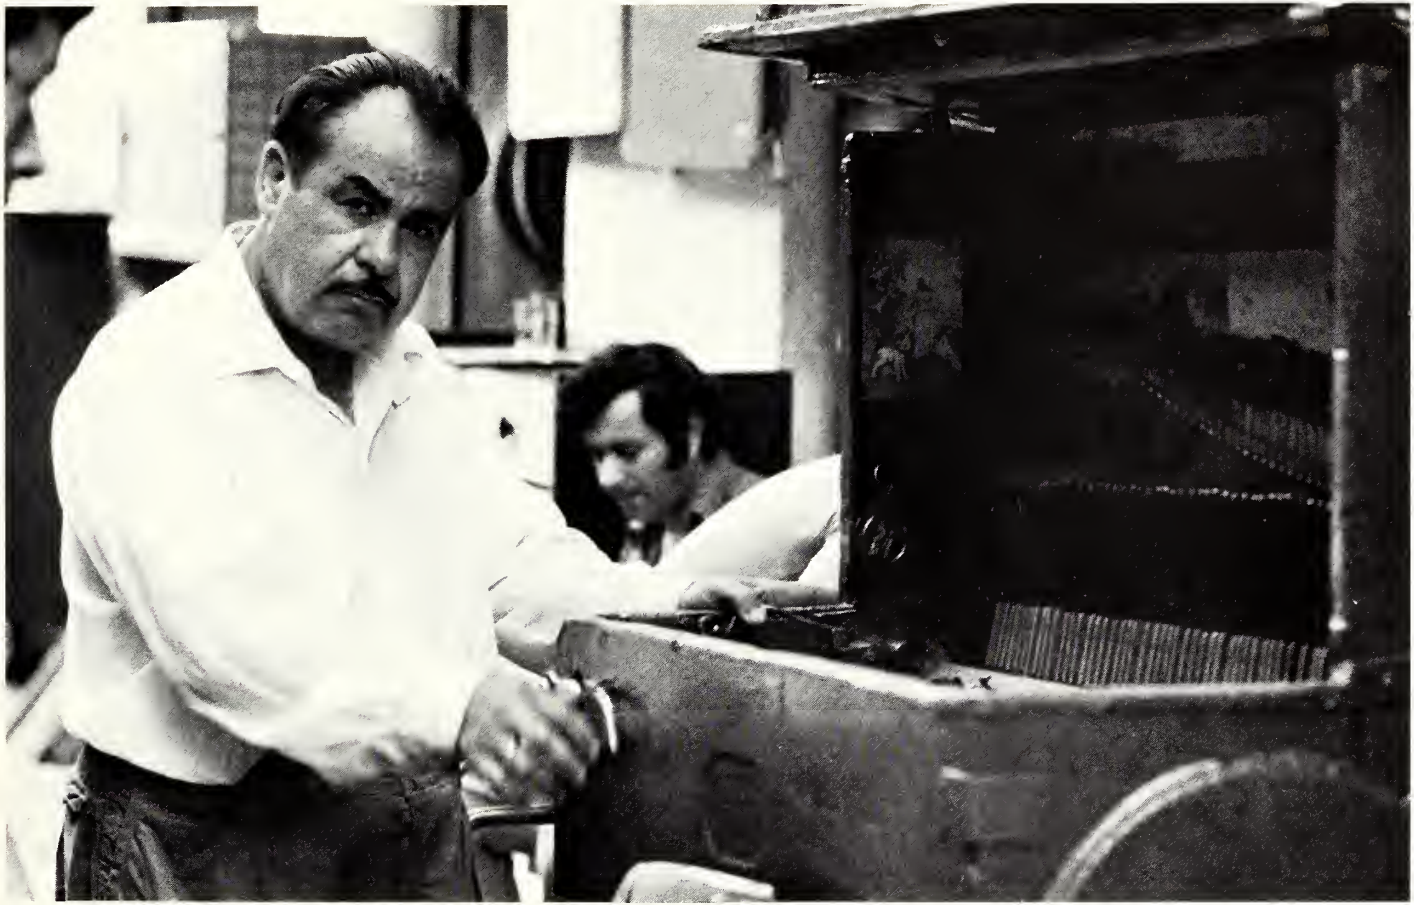

And as freedom breathes through wisdom,
We must be aware that many ships are tossed and
broken by strong winds . . .

Often to leave us only the isolation and despair of old age . . .

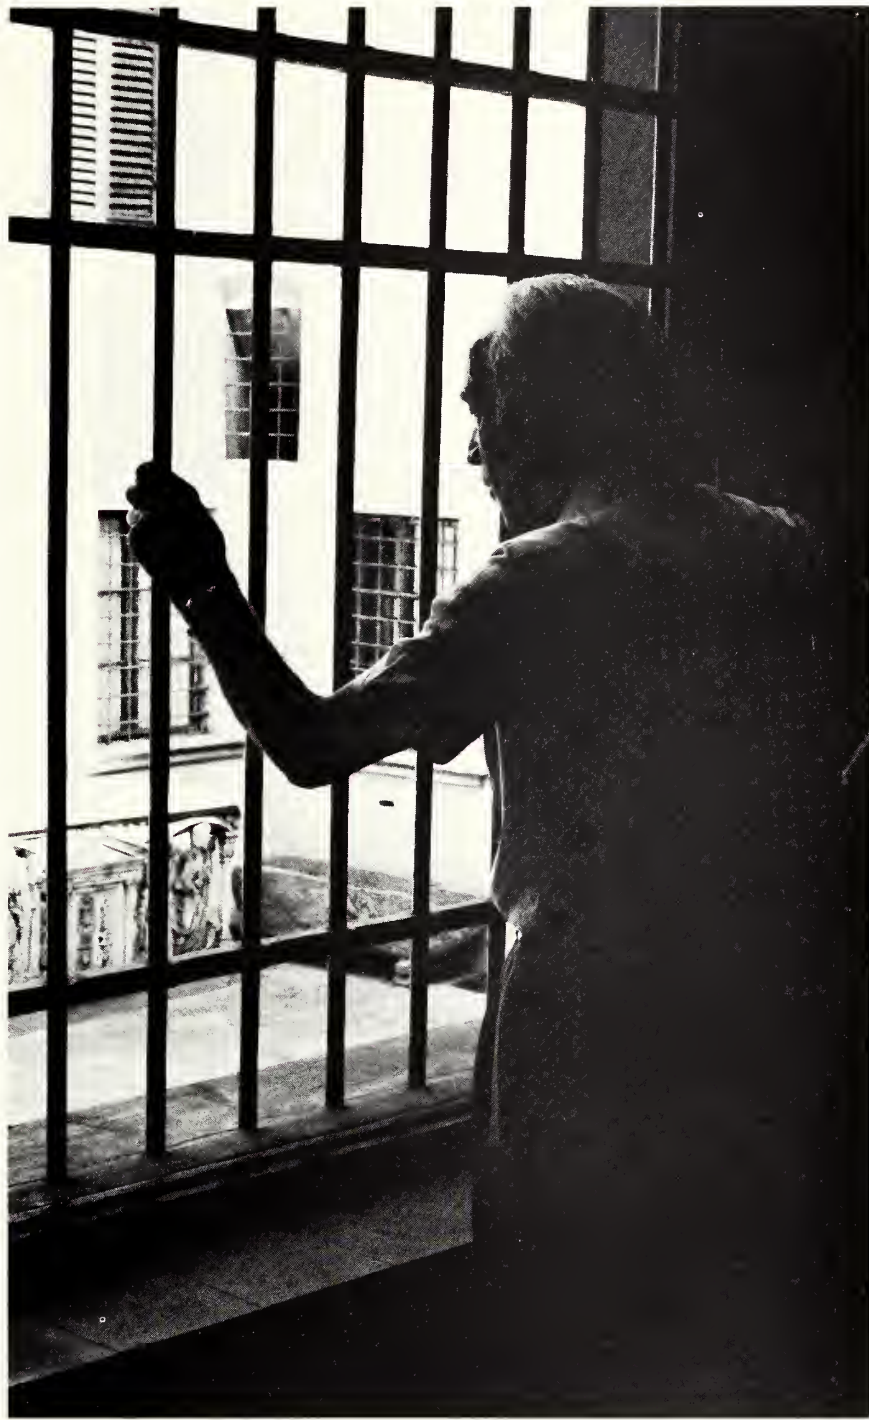

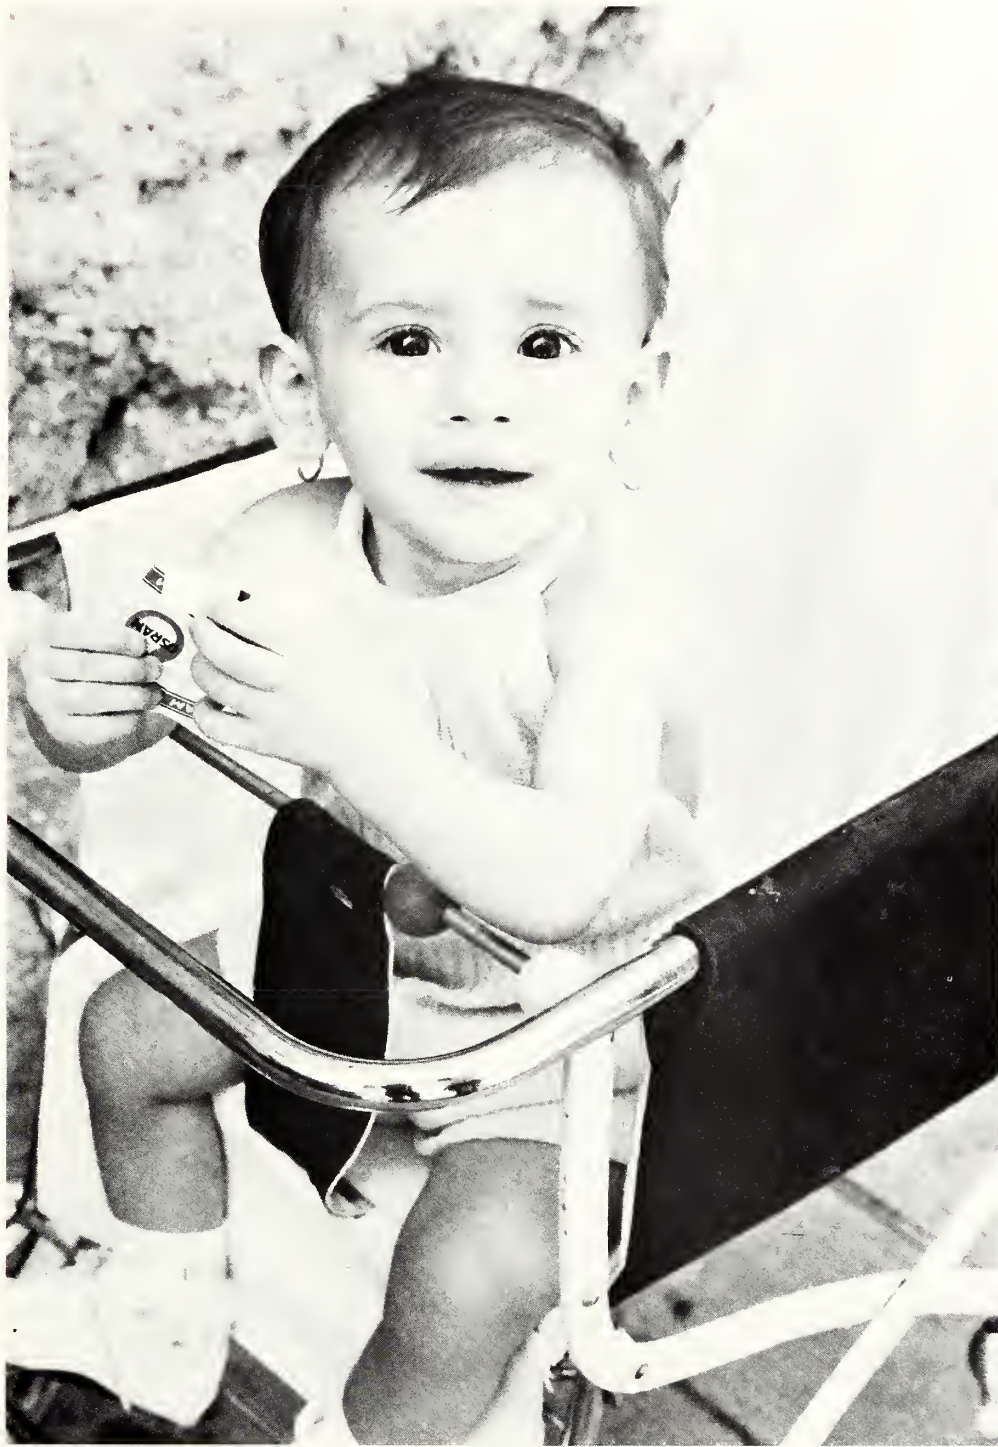

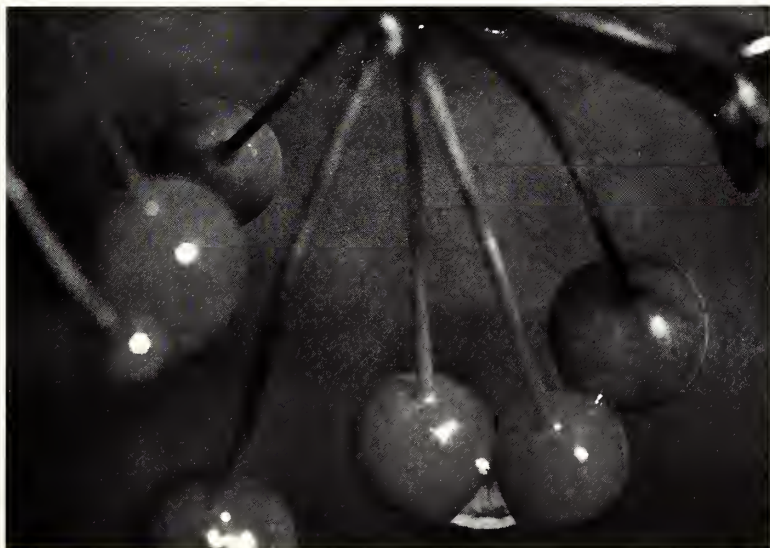

But remember, life is what one makes it.
So bathe yourself in the joys of childhood,
recreate that mood of loving trust,
Feel once again the unsuspecting innocence,
And recall most of all your friends and the good times . .

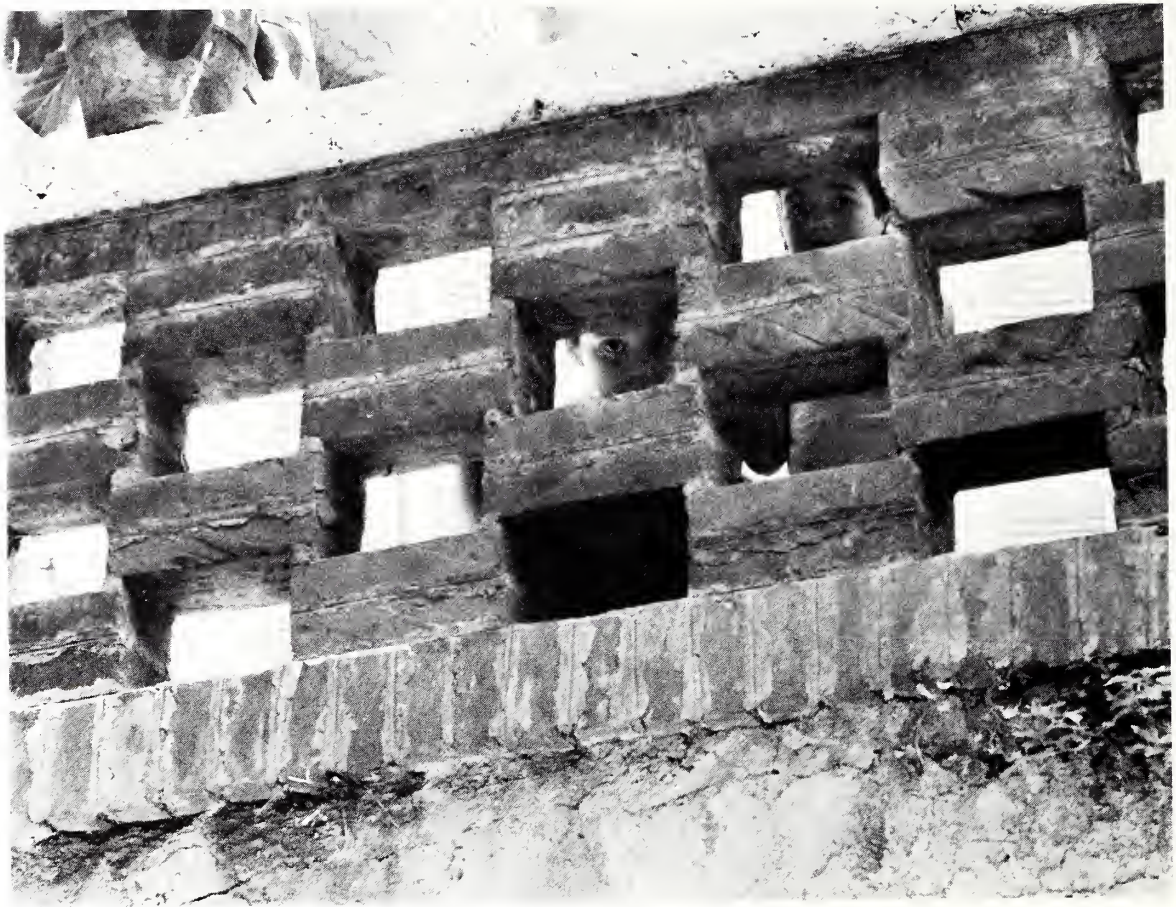

KODAK SAFETY FILM

So now close your eyes

And start off on another journey.

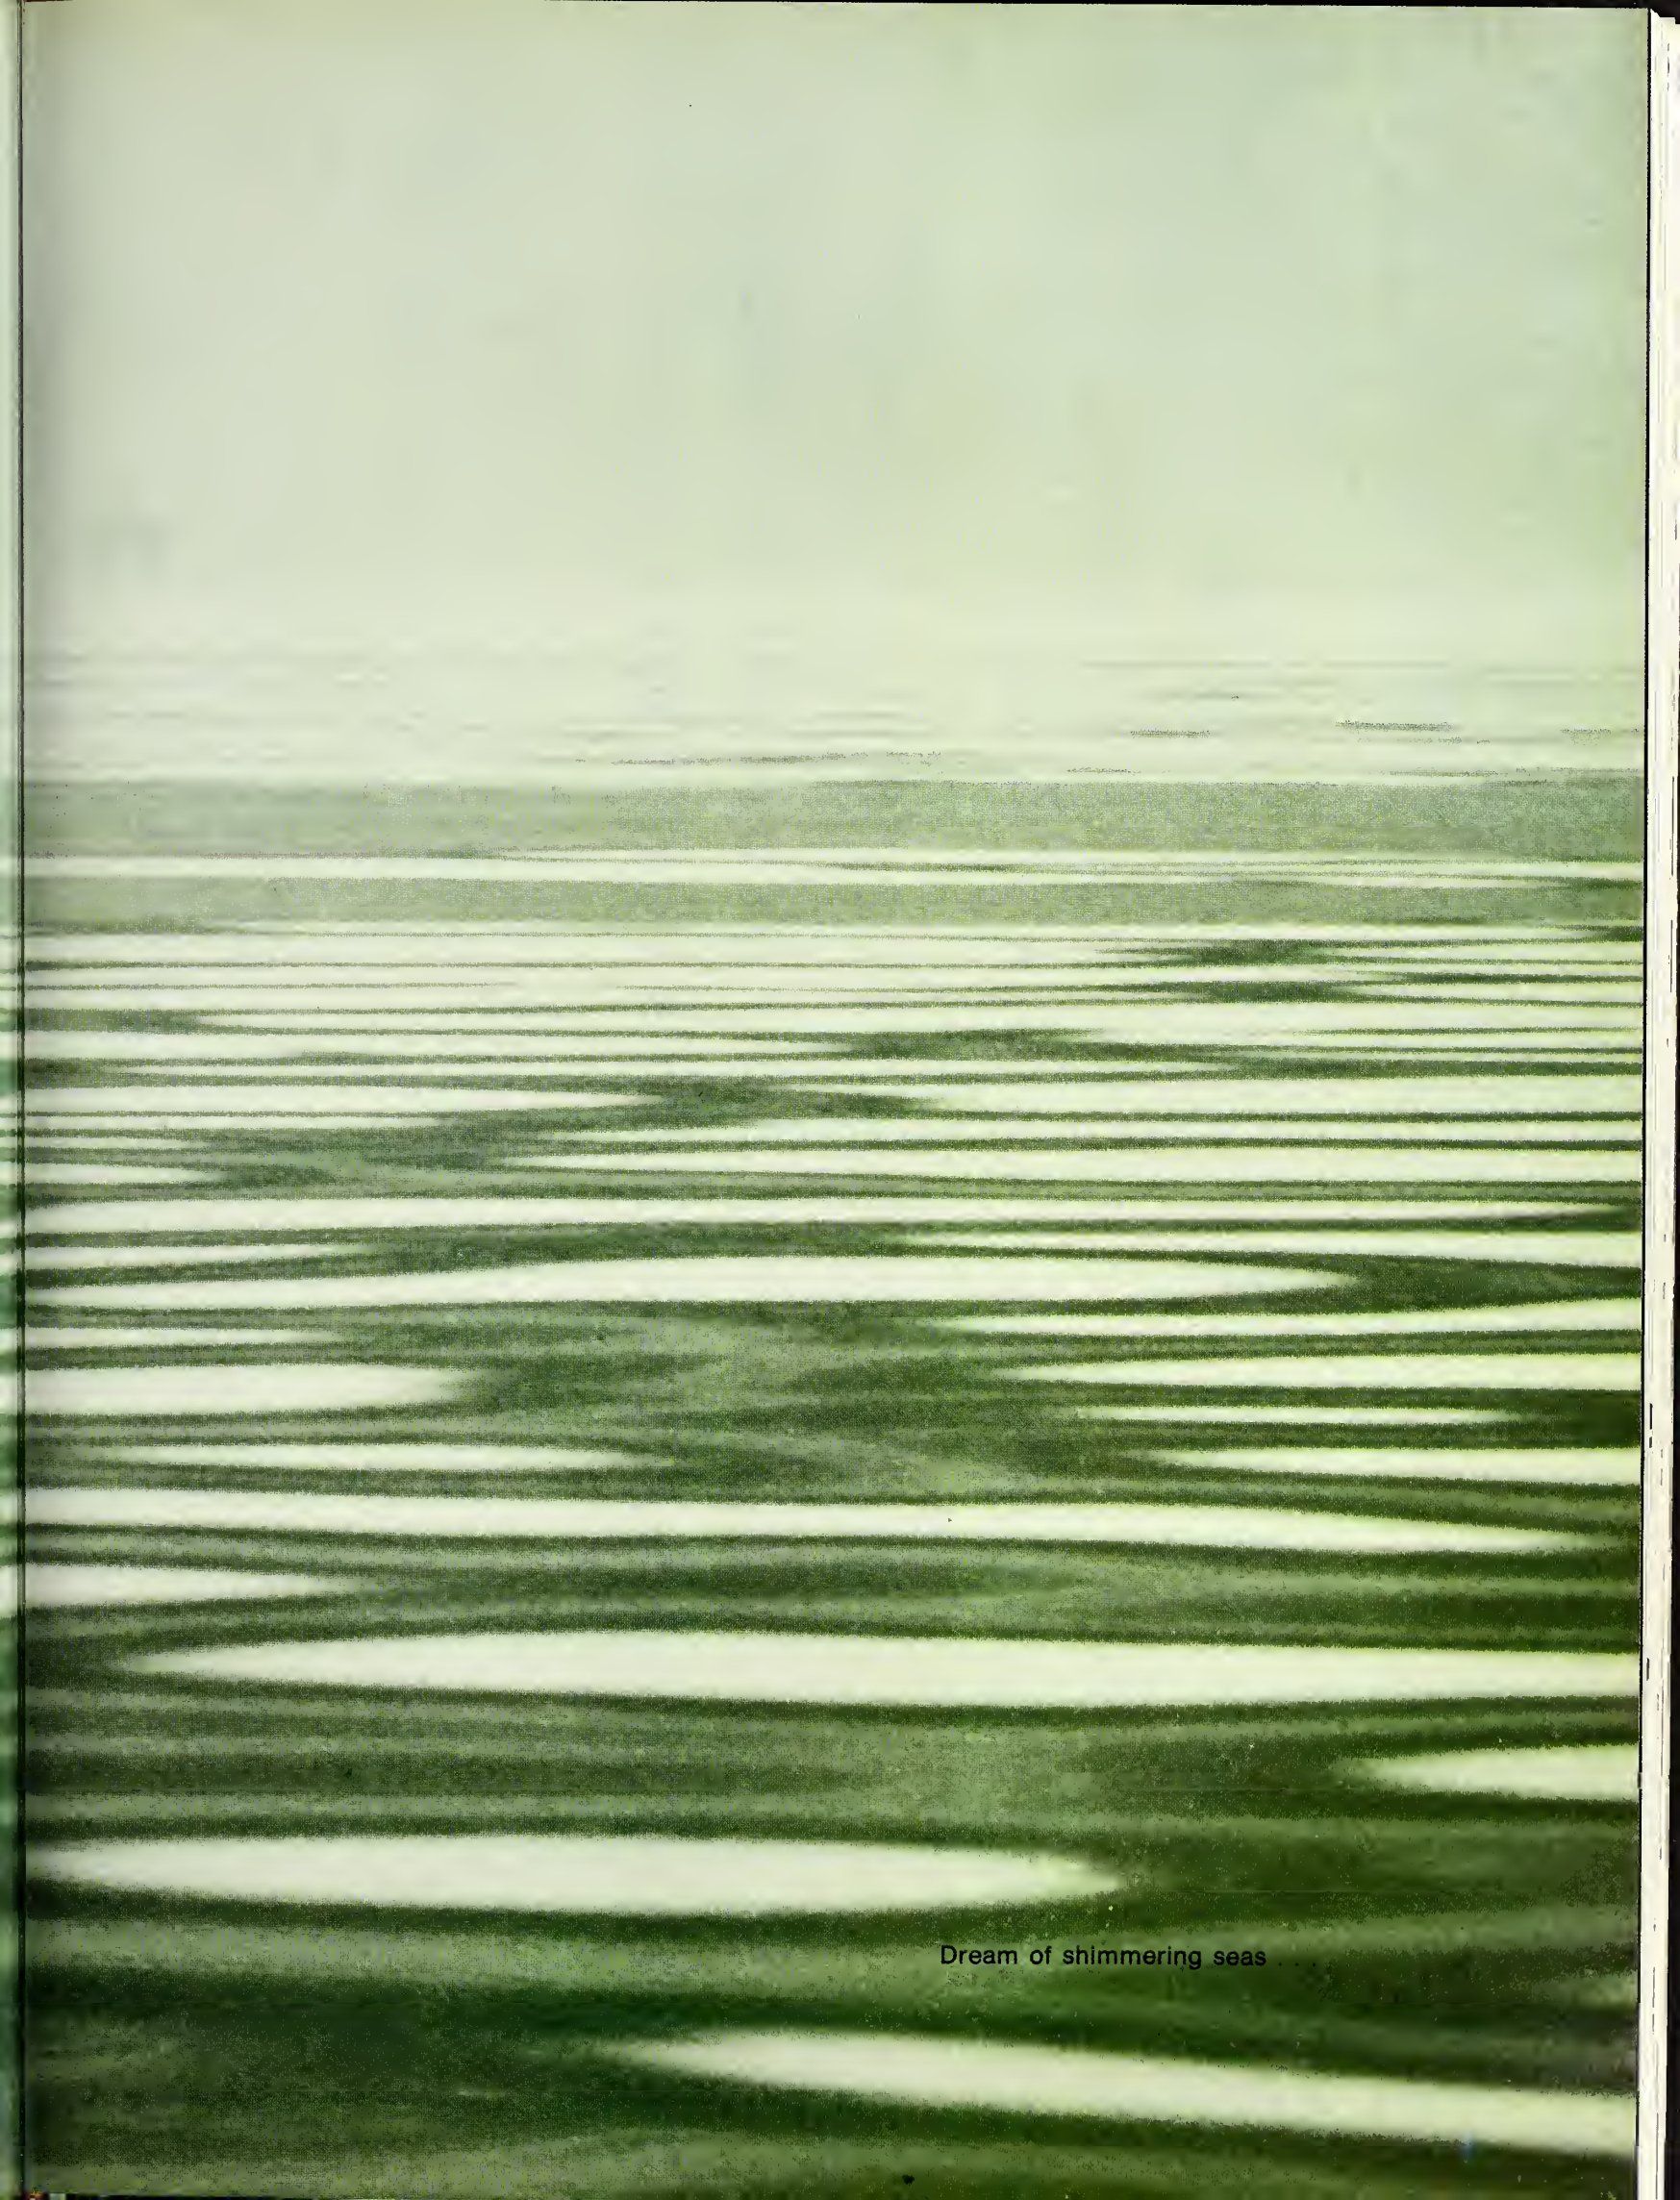

Bring with you the imagination of youth,
the insight of age,
And dream . . .

Dream . . .
Whatever those dreams may be,
Reach for the heights

Dream of shimmering seas

And golden sunsets over soft and flowing waters . . .

And journeys too perfect to be real . . .

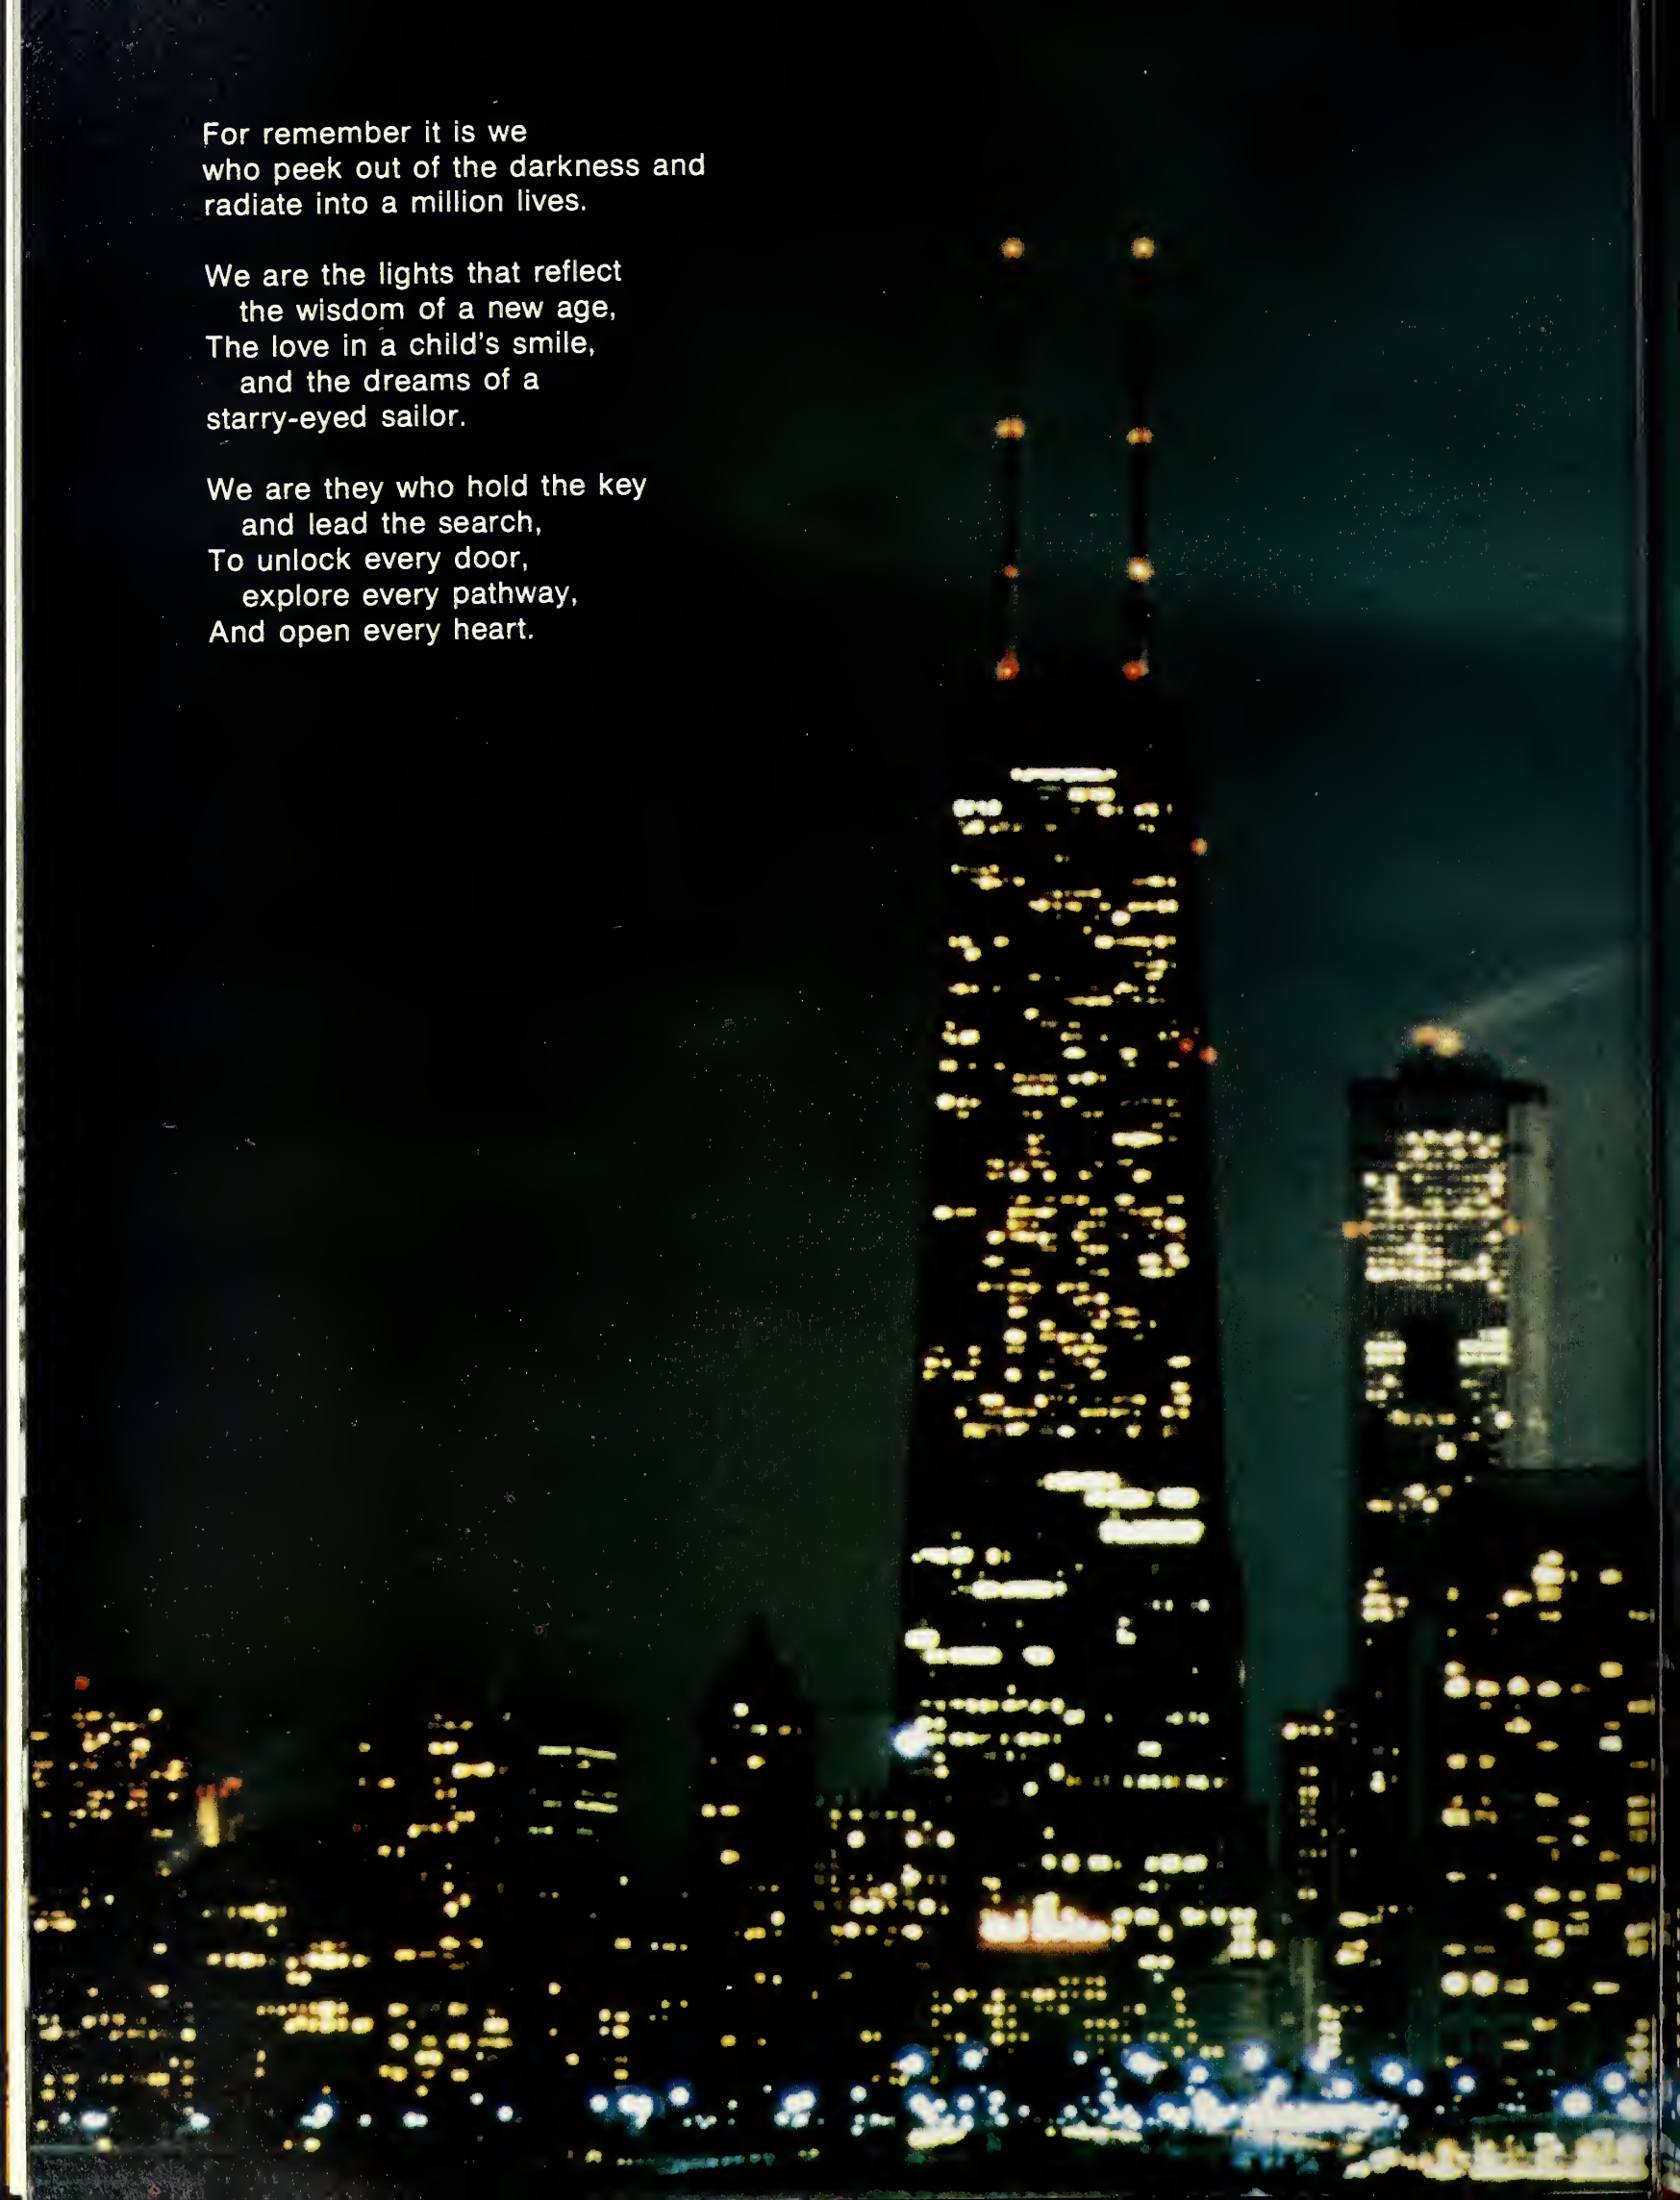

Feel the peace that comes in knowing that dreams can exist
in our world.

All we need do is reach out,
Keep always to the search,
For we know that we will find that ray of sunshine
at the end of the long path we trod . . .

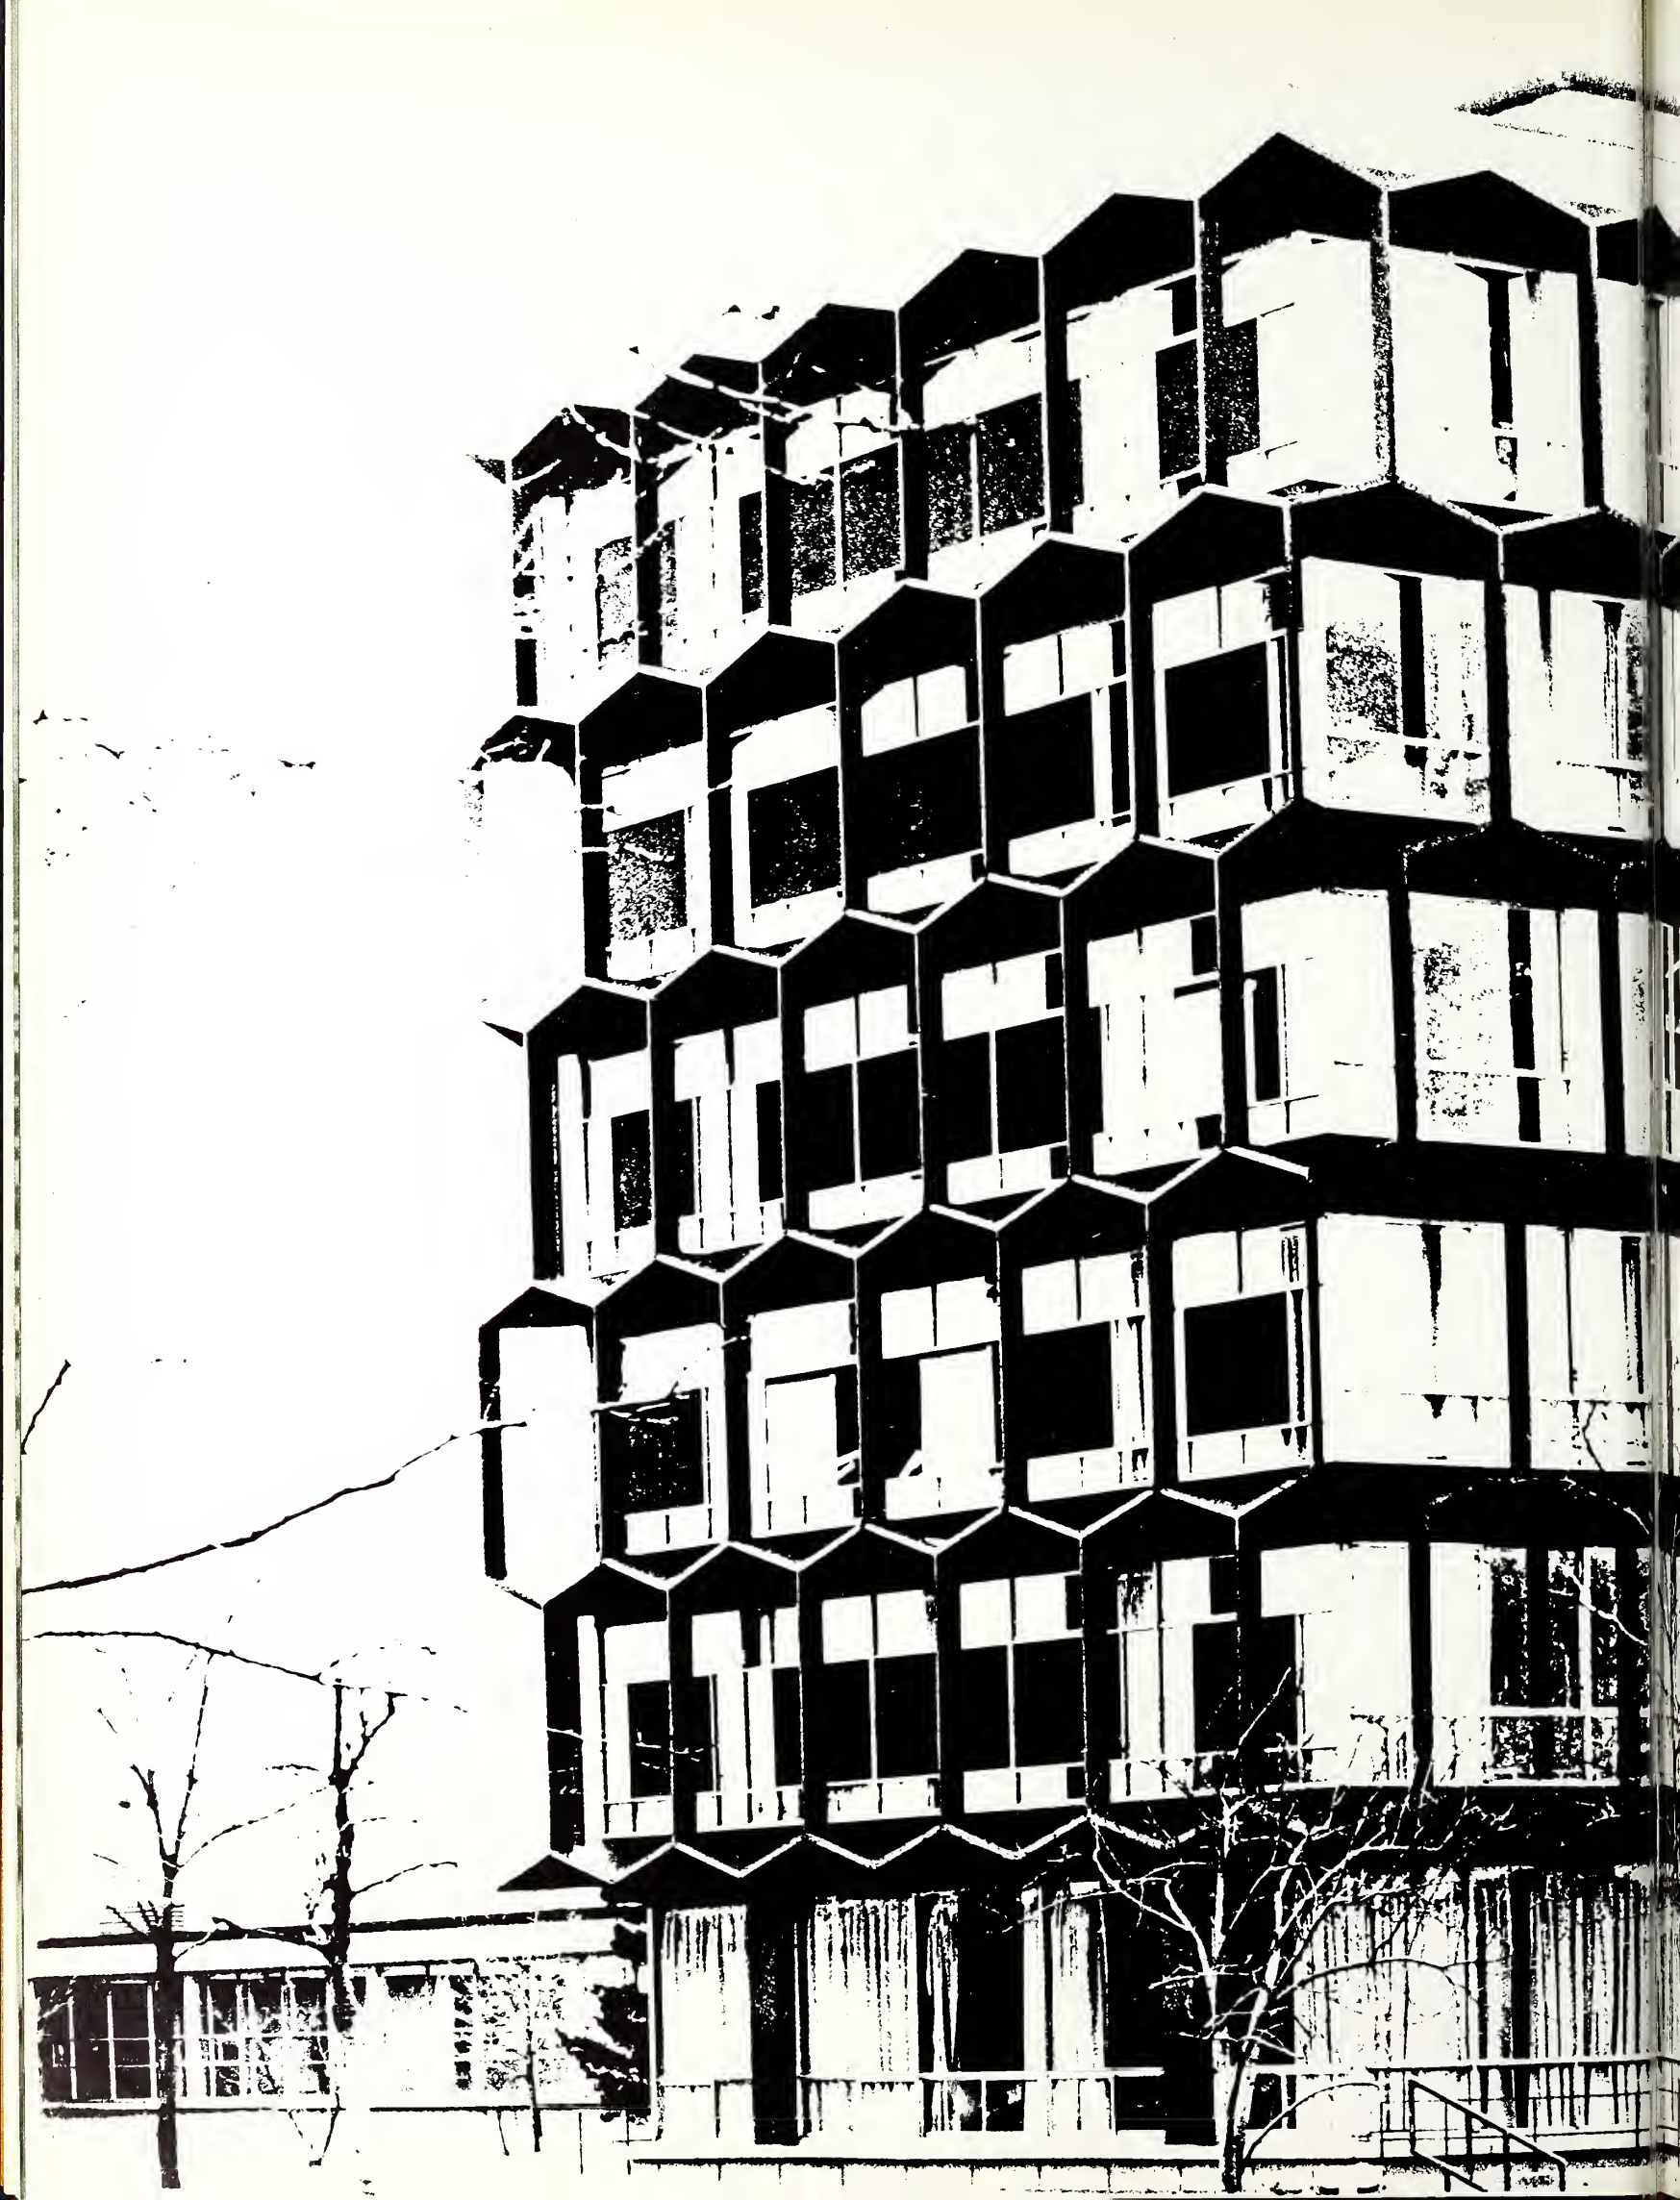

For remember it is we
who peek out of the darkness and
radiate into a million lives.

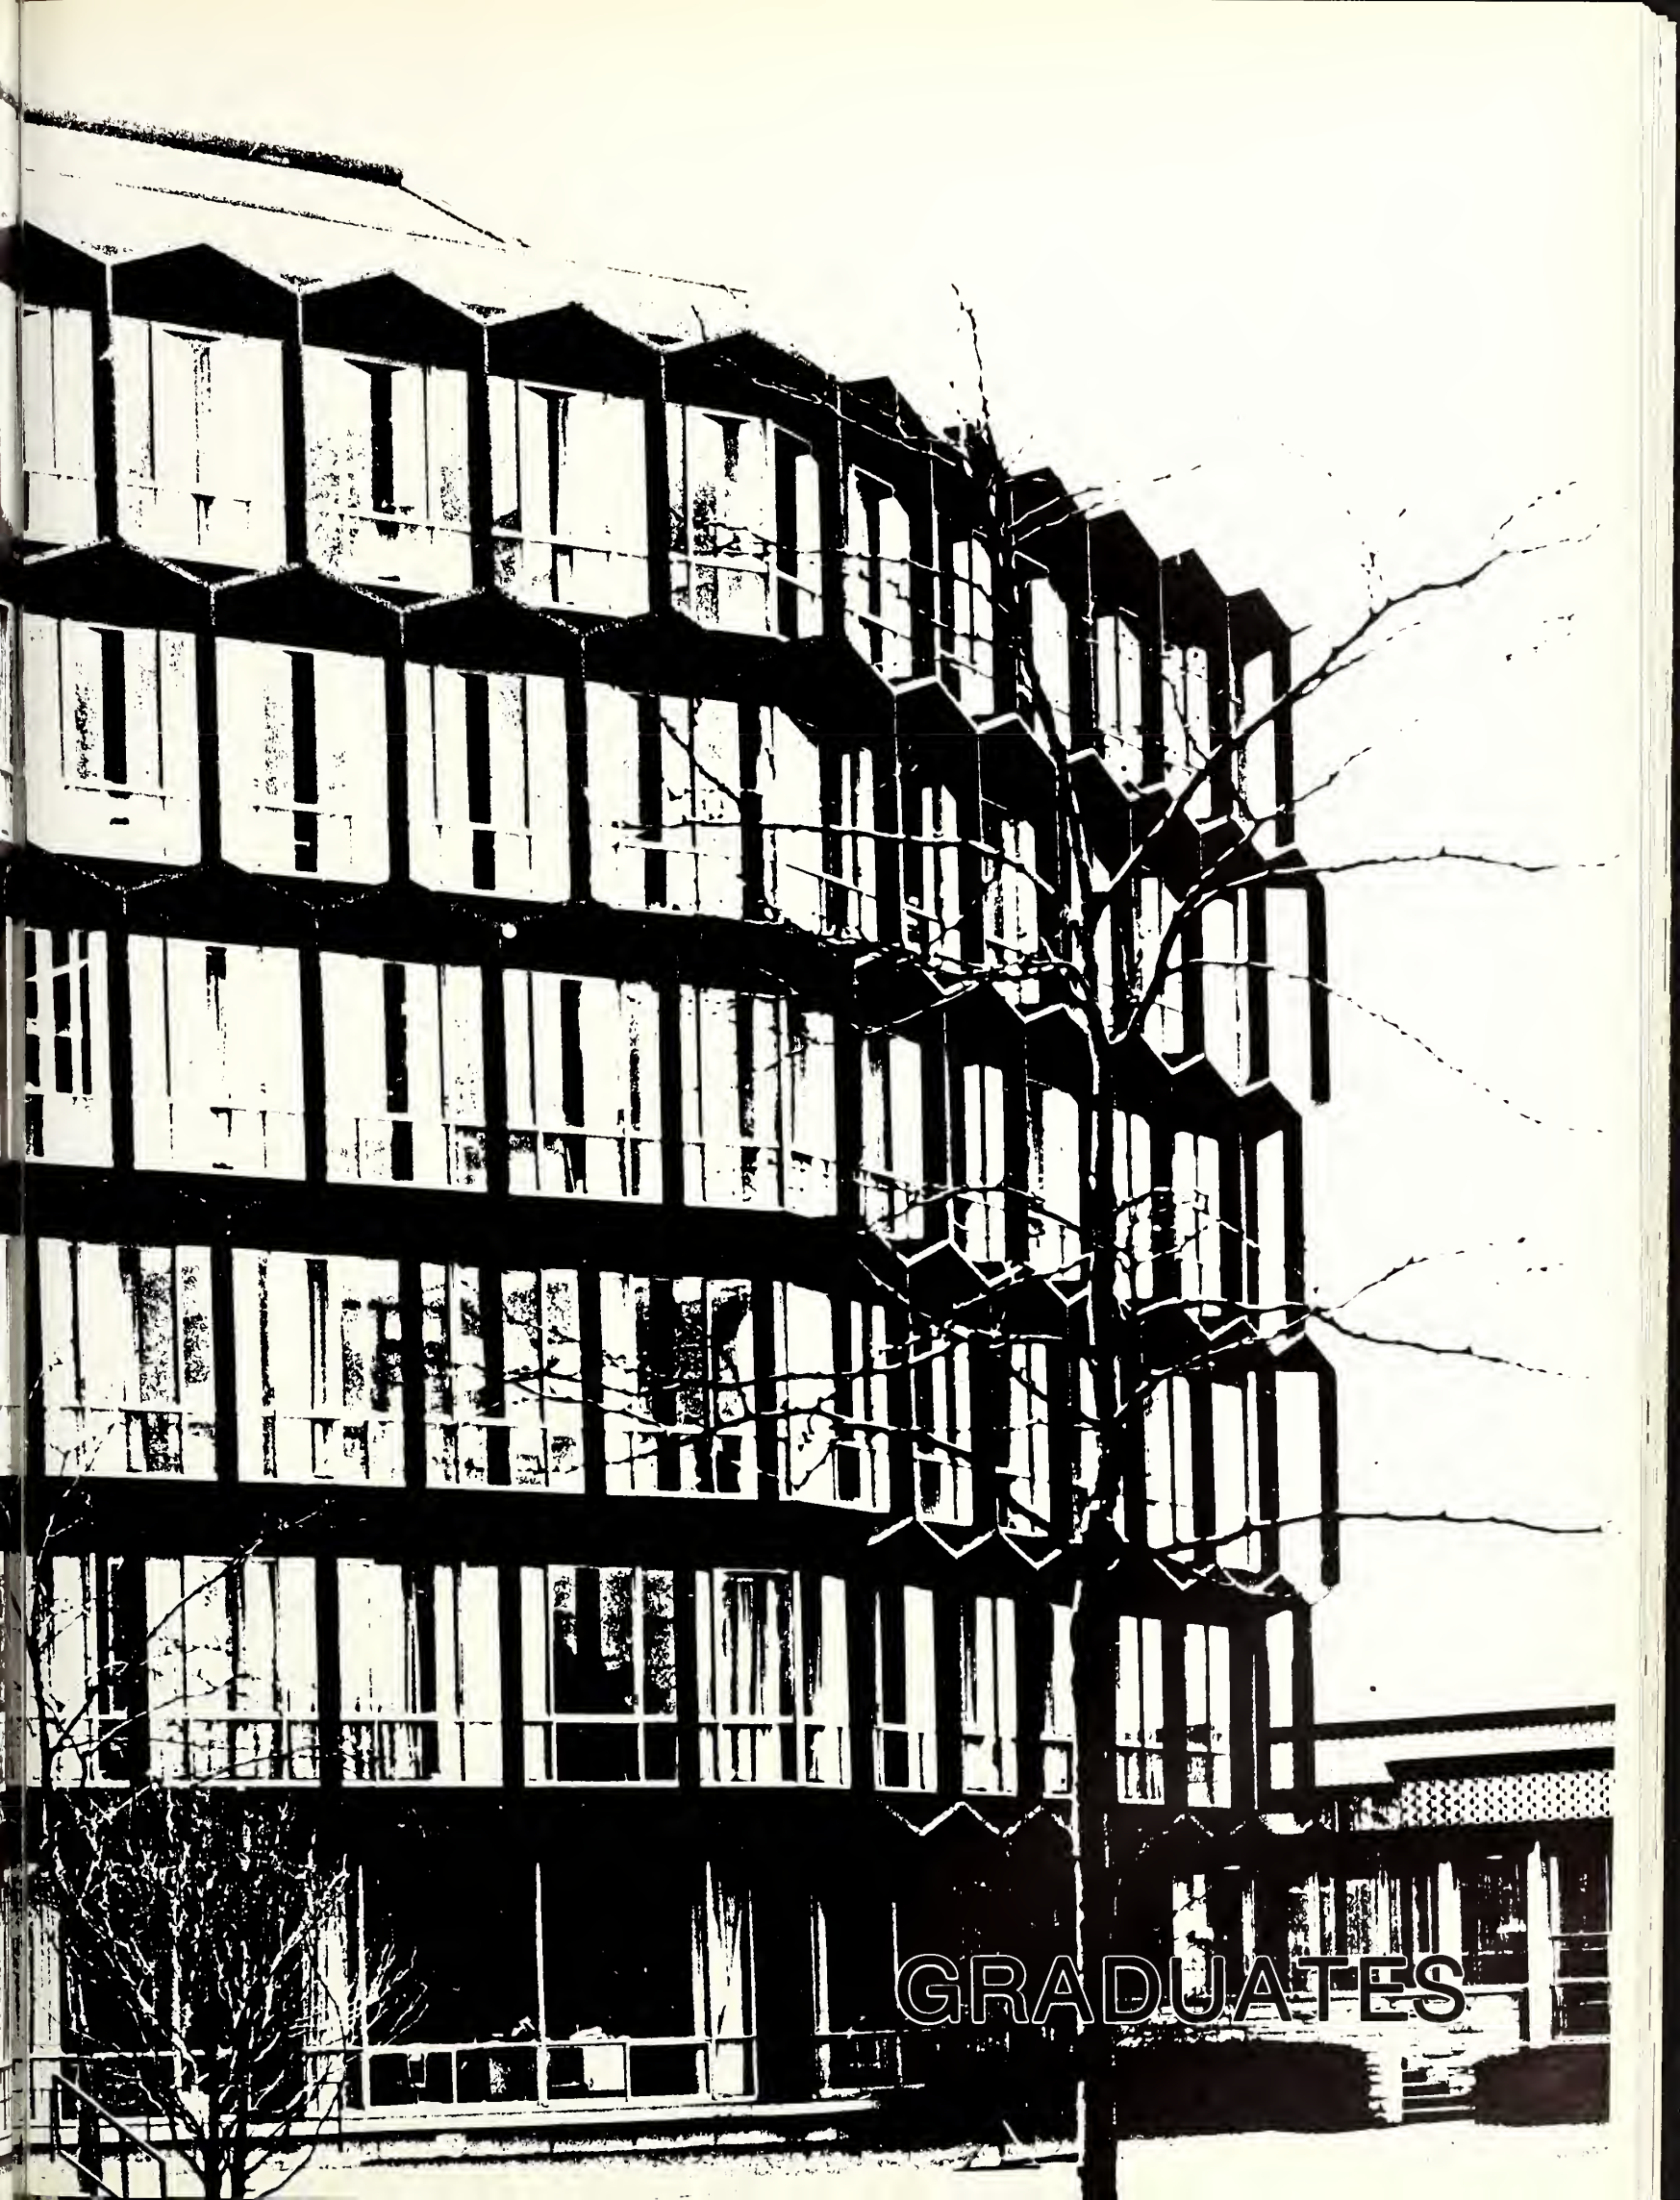

We are the lights that reflect
the wisdom of a new age,
The love in a child's smile,
and the dreams of a
starry-eyed sailor.

We are they who hold the key
and lead the search,
To unlock every door,
explore every pathway,
And open every heart.

GRADUATES

APRIL

Abrams, Shelley — Dean's High Honor List, Dean's Honor List, Cosmo Center, Education Club.

Alongi, Lorraine E. — Dean's High Honor List, Dean's Honor List.

Alperin, Karen

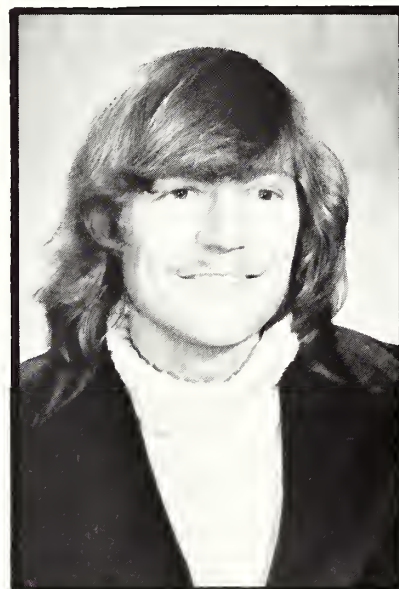

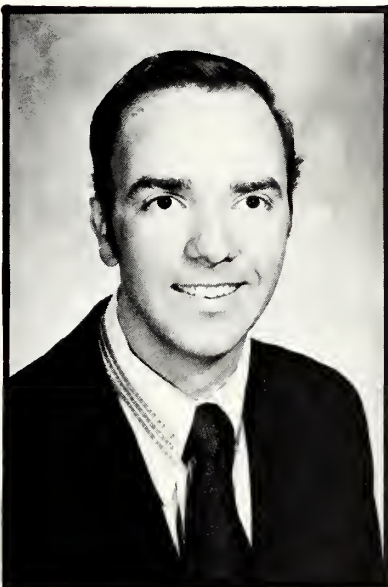

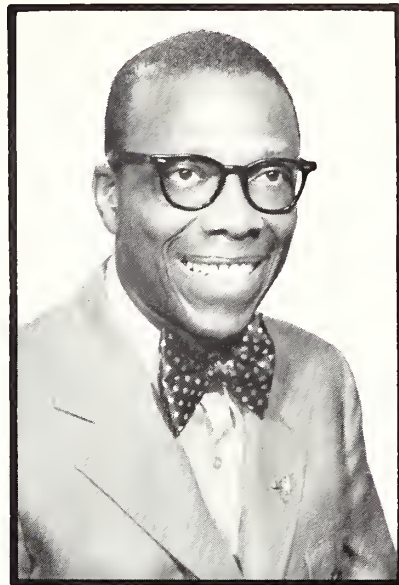

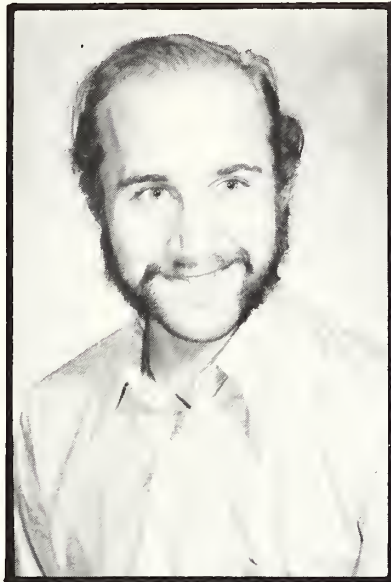

Anderson, Christine R. — Dean's High Honor List, Dean's Honor List.

Anderson, Judy — Dean's Honor List.

Baker, Jewel

Barda, Maureen Susan — Lambda Sigma Alpha.

Bergt, Donald Warren — Art Club, Dean's Honor List, Spanish Club.

Bersani, Christine I.

Bredberg, James Allen — Chemistry Club, Dean's Honor List, Earth Science Club, Gold Star, Para Psych Club, Physics Club, Ski Club.

Bronaugh, Marshall — Alpha Chi Epsilon (AXE), Geography Club, Honors Convocation, Student Government, Veteran's Club.

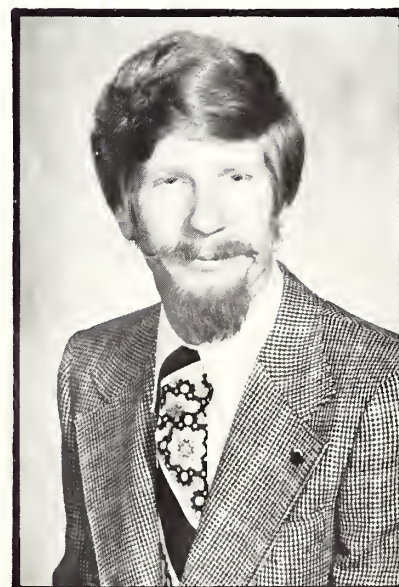

Bross, Stephen T. — Earth Science Club.

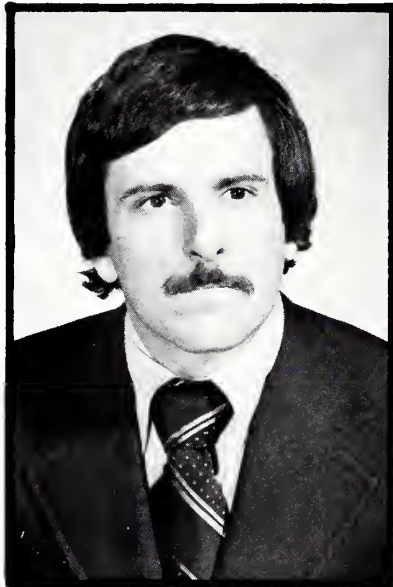

Buchner, Christine Jane — Chorus, Dean's High Honor List, Dean's Honor List.

RELICS

Let our relics be reminders
We'll be growing strong and free as they do.
From the old toward the new
And always for the better.

Each generation brightens the future
And each generation leaves relics anew.
Beautiful and sacred.

Howard Warren Kramer

CHEERLEADERS

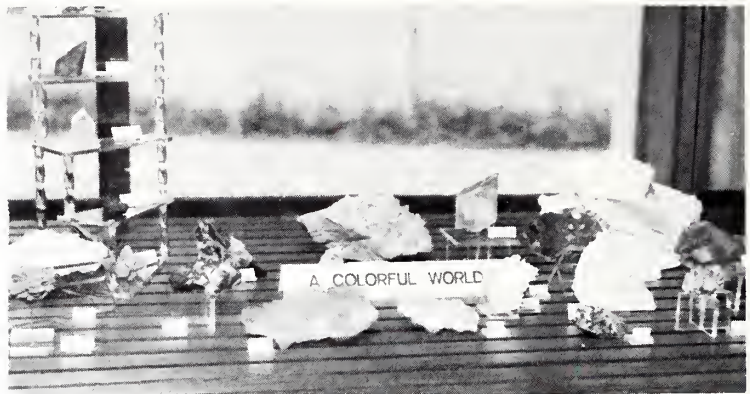

U.N.I.'s Cheerleading Squad, under the sponsorship of Miss Johnson, has been leading both basketball and football fans in a variety of chants and cheers since it was first organized in 1966. Enthusiasm and strenuous practice sessions are indispensable to the cheerleader whose goals are never-ending smiles and encouragement for total participation of everyone in an "esprit de corps" during the games. The cheerleaders were chosen for their ability to fulfill these qualifications. "Energetic" is their key word and these girls have put that extra bit of vitality into each game.

ACTIVITIES

Dance:

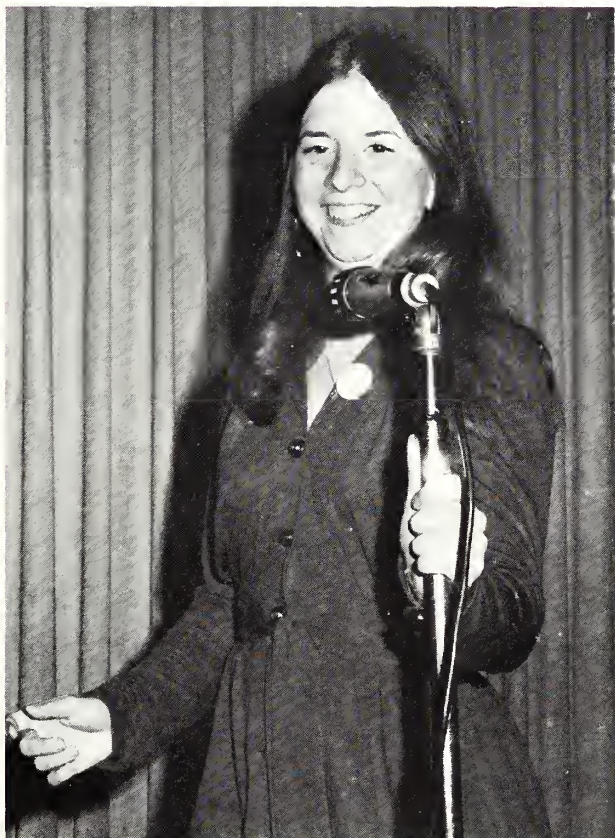

an expression and conveyance of a mood and feelings through one type of media.

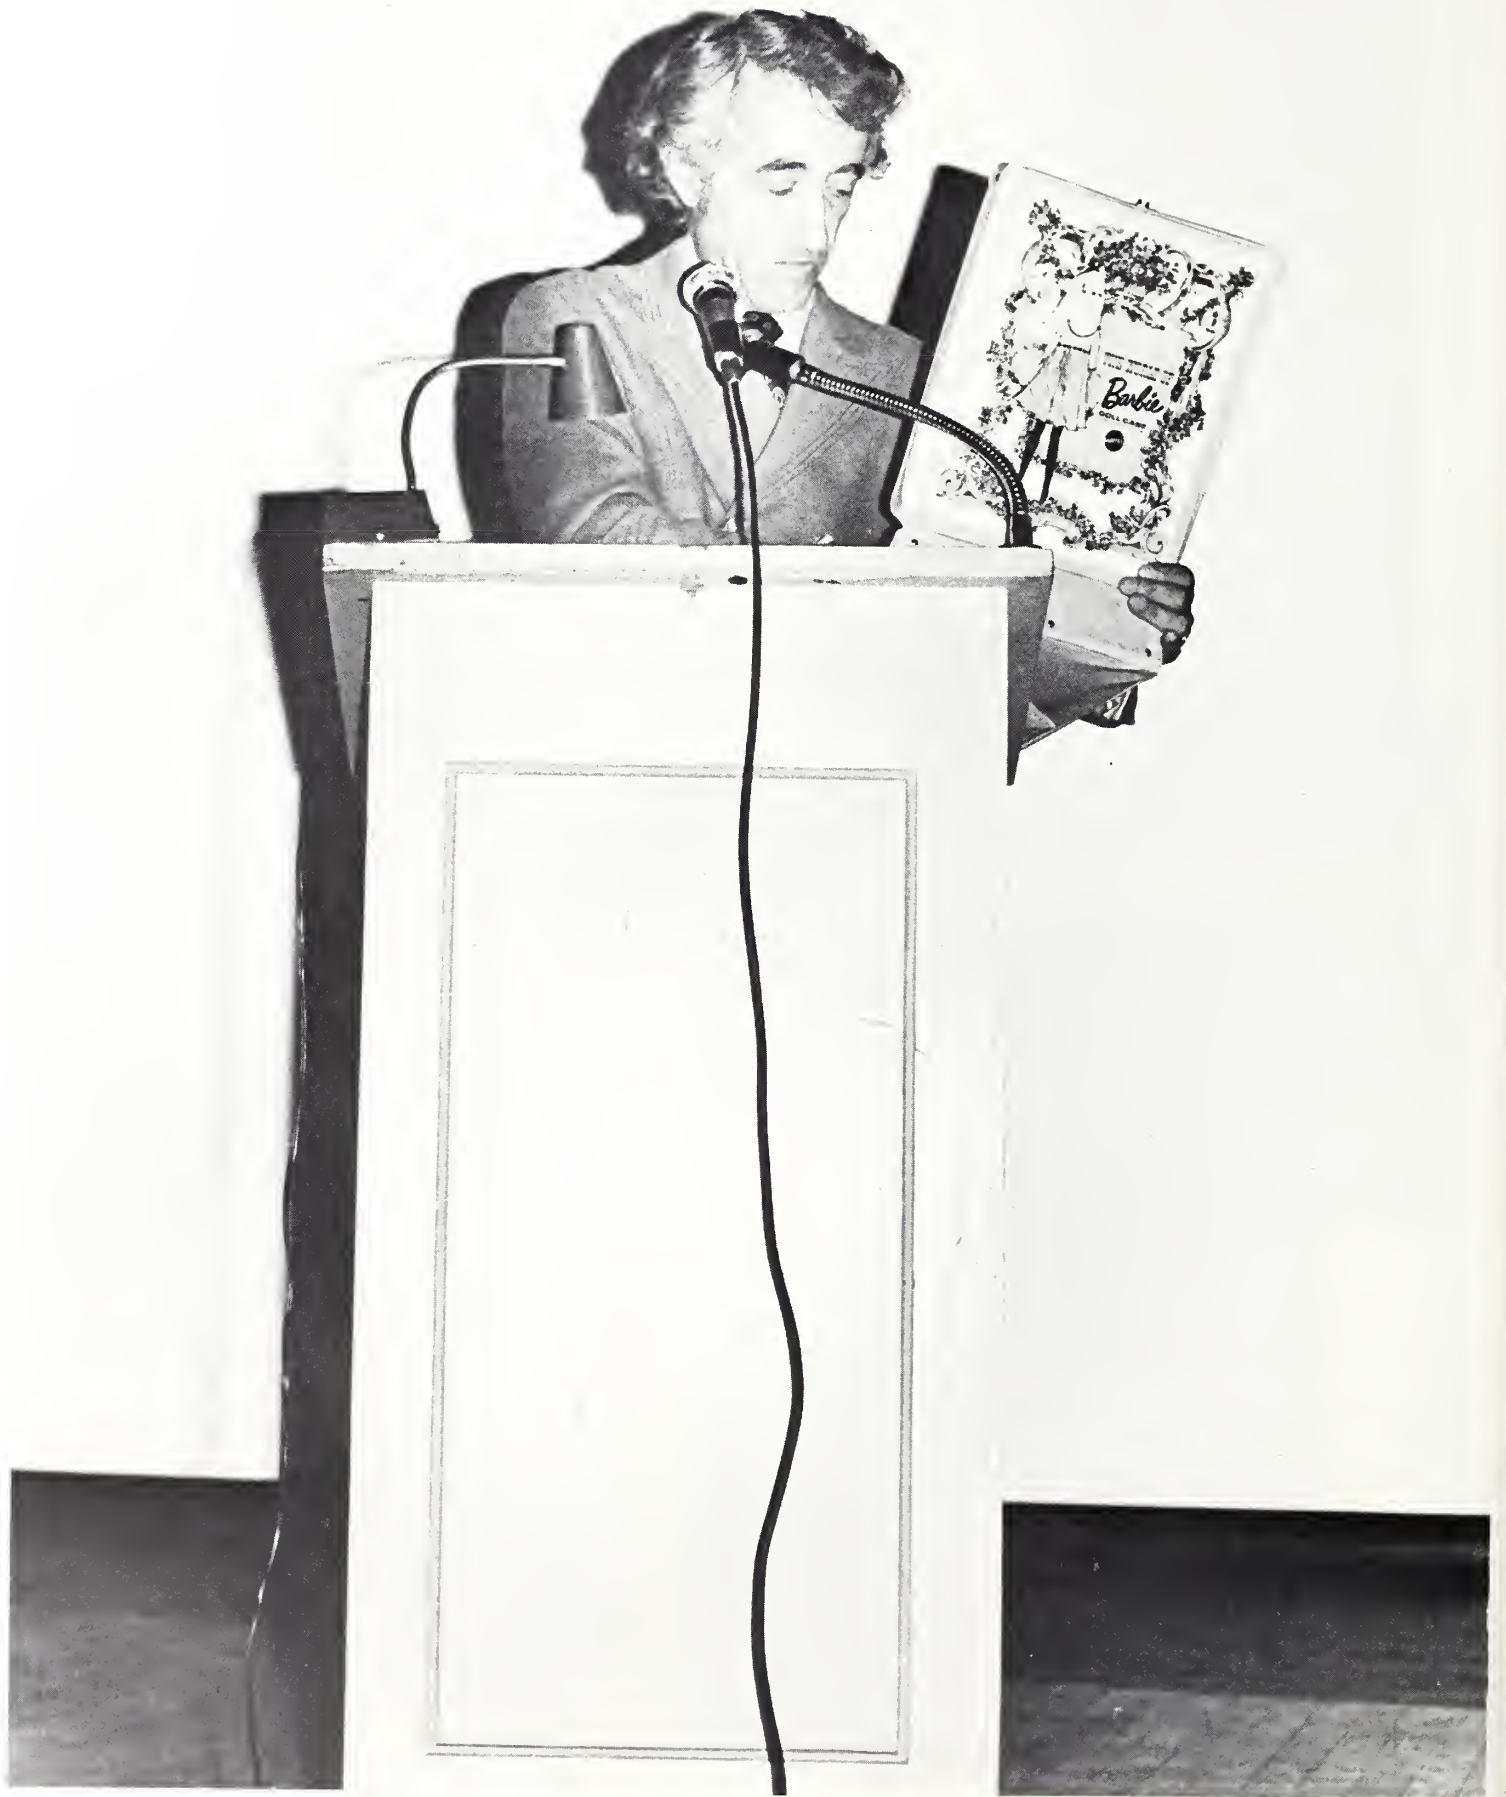

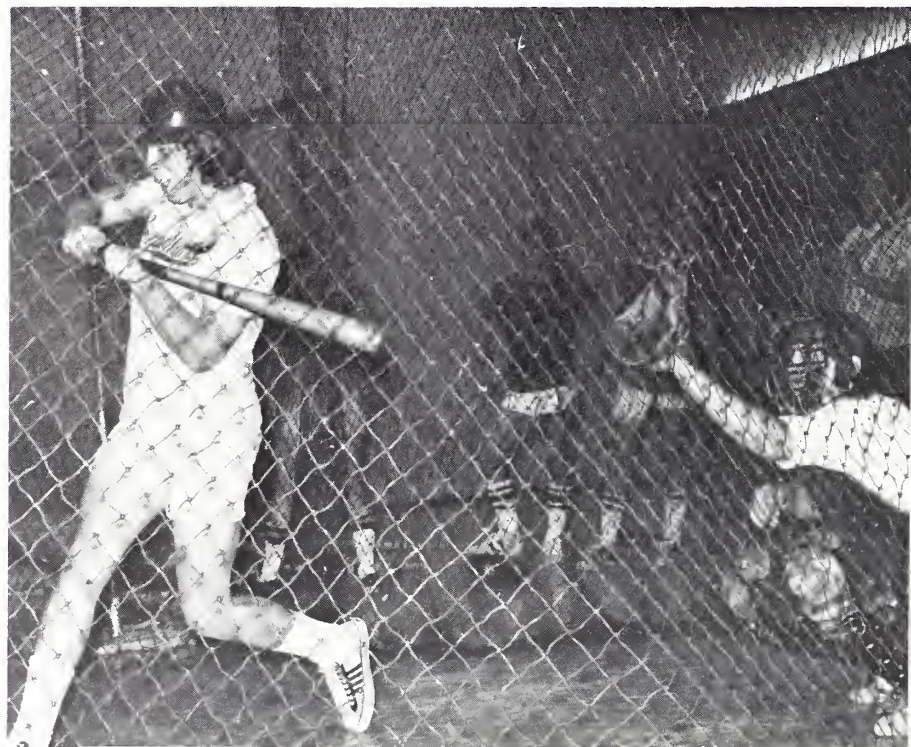

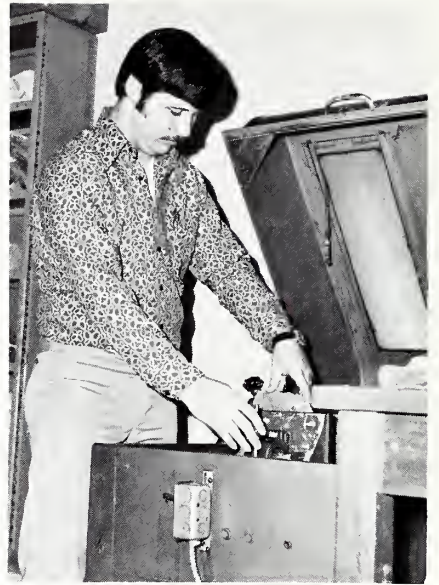

An aerial night photograph of a city, likely New York City, showing a dense grid of illuminated buildings. The lights are primarily yellow and white, with some blue and red accents. In the foreground, a large area is covered in snow, possibly a park or a large open space, with some lights visible. The overall scene is a vibrant, high-angle view of a city at night.

PEOPLE

Life at Northeastern

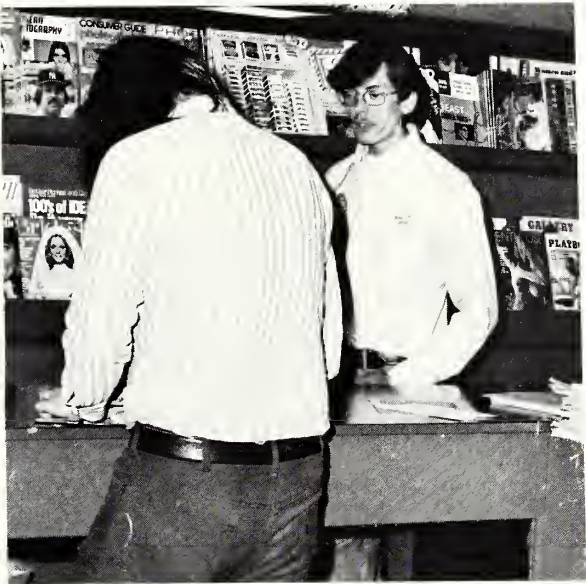

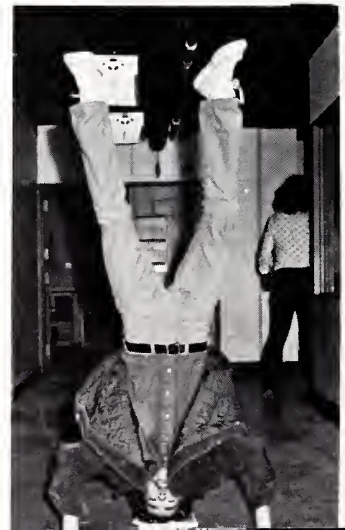

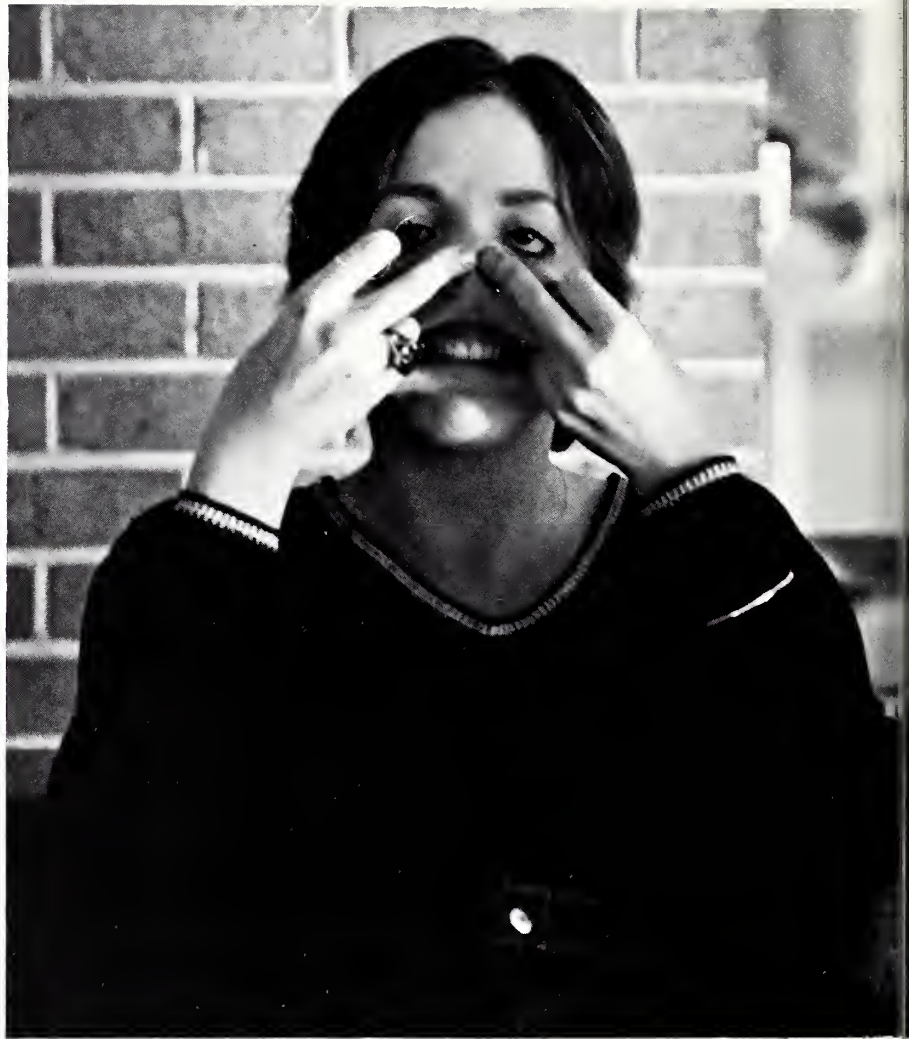

A mixture of
frustration,

anxiety,
wonderness
and happiness.

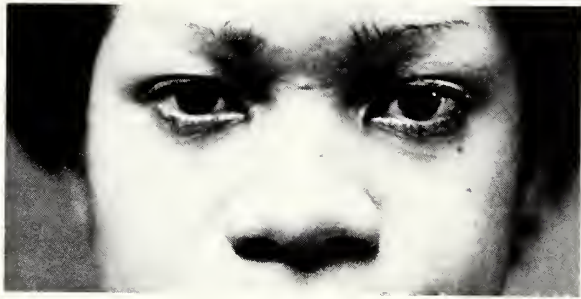

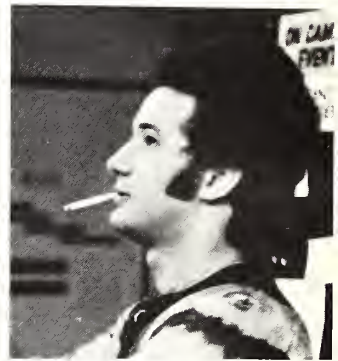

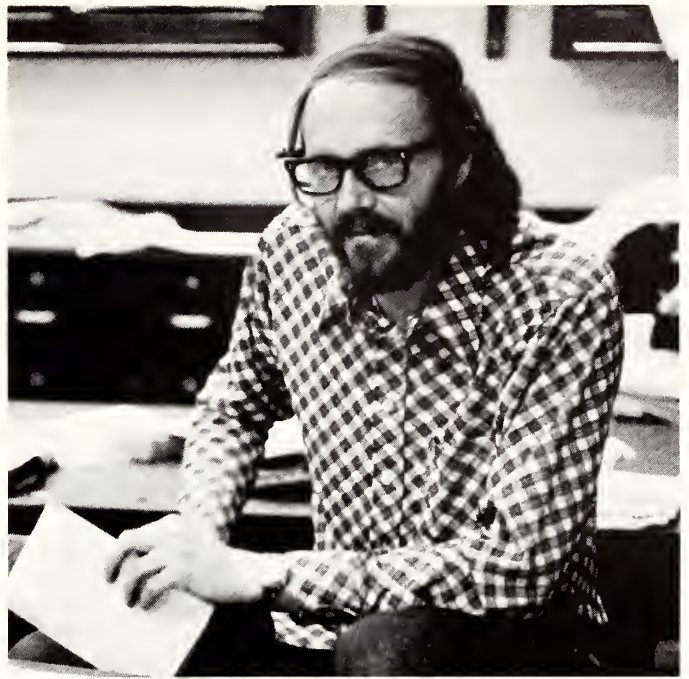

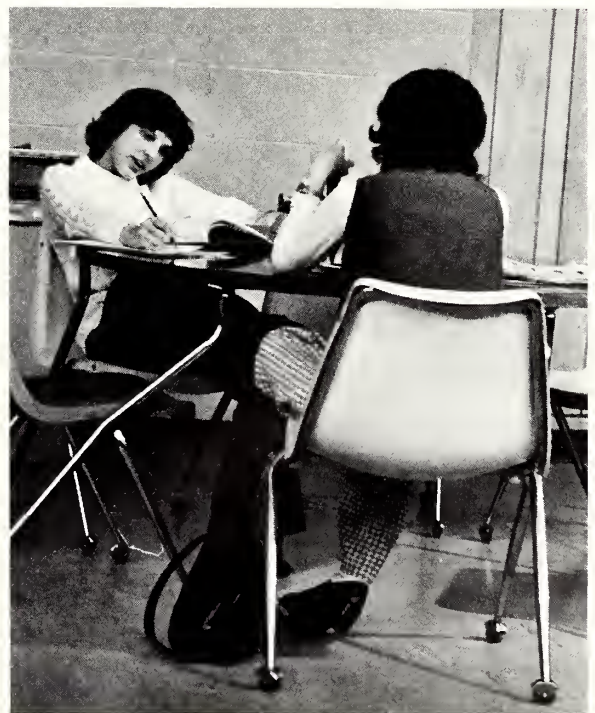

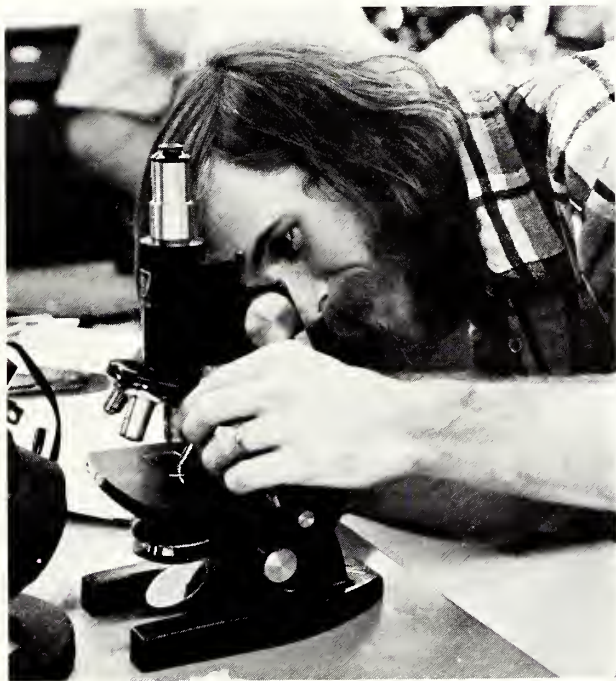

"MINI-U" 1974

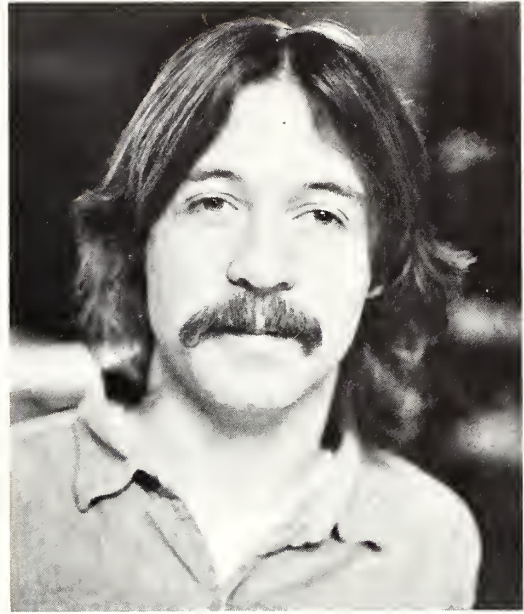

ABOVE LEFT: Ferne Szulc's Belly Dancing Class.

ABOVE: Mini U's Macrame Class.

LEFT: UNI alumnus, Joel Hall, leads his Jazz Dance Class.

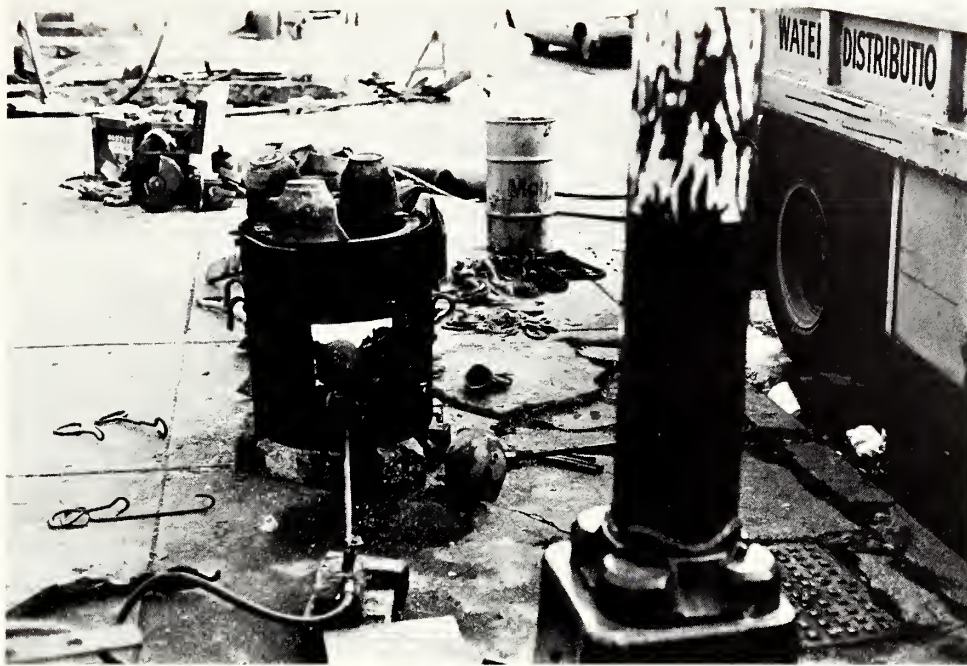

BELOW: The "Antique Refinishing and Repair" Class taught by two alumni, Carl Ostermeier and Mike Gaber.

On the one hand there's pollution . . .
From railroad cars to missile factories
But old forms . . .

And new and better forms . . .

of limitless atomic energy
Properly channeled
Have led to remarkable modern wonders.

It would seem the more you know, the more you know there is to know and also the more there is to be known. Because the more we learn and improve our life the greater is its wonder.
