A PERSONAL NOTE FROM DEAN SACHS - At 3:00 p.m. on Tuesday, June 25, in Room D104, I will meet with any faculty members who are interested, to answer questions about the information on conditions of employment presented at the last faculty meeting.

TO ALL FACULTY MEMBERS FROM DEAN SACHS - I would like to call a special faculty meeting at 3:00 p.m. on July 29 and invite Dr. Philip Lewis to discuss with us the possible use of closed circuit television on our campus. This will be a preliminary discussion to be followed up by a faculty committee. The long-range objective will be to build the kind of audio-visual support desired by the faculty. There will be a reminder the week prior to the meeting giving the room number.

TO ALL FACULTY MEMBERS - From Dr. Goldberg

The Chicago Public Library in this area is anxious to integrate their library with our teaching requirements. This can be arranged if the faculty will make available reading lists required for the various courses being offered. Inasmuch as the Albany Park Branch plan to move into their new quarters very shortly, the librarian is anxious to have some word from us - one way or another.

If you are agreeable to this arrangement and will submit the information asked for, the Chicago Public Library (Albany Park Branch) will then plan to have these books in their collection.

NOTE FROM DEAN SACHS

We have extended an invitation to the District Superintendents, High School Principals and High School Counselors, to visit our campus on Wednesday, November 20, from 3:00 to 5:00 p.m. The meetings will center around the college dining room. This is an effort to establish close relations with the secondary schools with the hope of getting their best students. All faculty are invited to participate.

TO THE FACULTY FROM DEAN SACHS

Members of the faculty who have ideas or plans for research projects and experimental programs are urged to investigate the possibilities of obtaining funds to finance these projects. Each grant obtained makes future grants more likely. I approve of the principle of giving faculty released time for planning and writing proposals within the limitations imposed by budget considerations. The United States Office of Education has indicated great interest in the Field Experience Program of the college and I am asking Dr. Ruth Ellis to plan and write a series of proposals which will, I hope, bring us the freedom of operation we get with government and/or foundation support.
