Instructions for submitting applications for a Cooperative Education Program have arrived in the Office of Research and Development. Cooperative Education Programs provide an opportunity for students to alternate periods of academic study with periods of off-campus employment. Not only are students able to earn funds that may be needed to support and complete their education, but they also gain off-campus experiences which are closely integrated with their total education and their academic and/or career goals. The Institution assumes the responsibility of placing students in off-campus experiences that will meet these goals. Anyone interested in sponsoring such a program should contact the Office of Research and Development. Submission deadline is October 15.

Items for the October Faculty Newsletter should be submitted to Mrs. Duffie, C-100, by Wednesday afternoon, October 14.

The following Civil Service positions are currently open. For further information, please contact the Personnel Office at Ext. 423.
