A: "I went from a completely different job at the main campus to my current position as coordinator of the El Centro Resource Center. In my previous position, I was the assistant to the University President and Board of Trustees. It wasn't a good fit for me because I worked mostly by myself. I wanted to be part of a team, share ideas, work with colleagues and toward the mission of the university which is helping students succeed. It has been a wonderful change for me, working with our students and the El Centro Team. I didn't have to change my major; I changed my career path."

# JAIIME JIMENEZ

## STUDENT SUCCESS STORY

At the point when Jaime selected NEIU's Summer Transition Program in 2011, he realized he was bound to turn into a secondary school math instructor. As a young boy in elementary school, Jaime was intrigued by numbers and thought about how his interest with math could develop. Jaime envisions turning into a numerical educator, assisting students with their mathematical troubles, he hopes to empower students and be the best for them.

Jaime enjoys games such as ping pong and playing pool which is one of his favorites. It wasn't until his friends introduced him to the game, that Jaime enjoyed it very much.

As a current senior, Jaime is on track to graduate this upcoming fall with his B.A. in Mathematics, with a concentration in secondary mathematics! After graduation, he hopes to look for a job in his field of study. He's eager to show his skills and abilities and is ready for anything that comes his way!

Jaime has been proud of all experiences he's had at NEIU. The many friendships he has created that he will never forget. Some advice from Jaime to other students is: "Don't give up and keep trying. Always know you can get help in/out of the university. Always check up on things throughout your career, always take your time for your homework and turn in everything on time so you can get the right credit for it."

Congratulations, Jaime! Keep pushing, you're almost at the finish line!

## EL CENTRO BLOOD DRIVE

*By: Aaliyah Blacher*

Saving a life with just a pint of blood can do a lot for anybody dealing with trauma and transplants. On November 10, El Centro partnered with Versiti Blood Center of Illinois, State Senator Cristina Pacione-Zayas and 35th Ward Alderman Carlos Ramirez-Rosa for the Fall 2021 Blood Drive. This blood drive was a great way to show support for people in need. Even if you didn't get a chance to attend, there are many ways to show your gratitude for those in need.

# Taquiza At El Centro!

BY: JEANETTE DELGADO

What better way to kick off Latinx Heritage Month than with a Taquiza! NEIU's very own El Centro Campus in collaboration with CCAS (Center for College Access and Success), Angelina Pedroso Center, Student Leadership Development, and Student Affairs hosted a beautiful event on September 28 filled with delicious food, music, games and even a bull ride!

Latinx Heritage Month is a celebration that recognizes the history and culture of the U.S. Latinx and Hispanic Communities, which begins September 15th and lasts until October 15th. El Centro closed down part of the parking lot and had the pleasure of welcoming students and the community, as well as our mascot, Goldie! Victor Montañez showcased his beautiful art exhibit, and a few student organizations joined us as well!
